Thank you Carrie – yes! To regularly or periodic scheduled regular check-ins (if not scheduled they just don't happen w/ both our busy schedules ☺). I look forward to receiving your invit for coffere –would be good to have more casual connection to share what all is happening & build the cross program relationship.

Much appreciated,
Linda

You are welcome! Glad we could collaborate on this - hope to do that more in the future! I know we've talked about getting together for regular check ins and maybe it's time I actually scheduled one of those. Look for an invite to coffee sometime in the next few weeks, if you agree that might be productive!

Thanks,
-Carrie

Hi Carrie – I think I forgot to thank you (profusely!) for your edits and putting into letter format with intro and concluding paragraph. You'll see I just sent to Linda Tyson w/ cc to Michael on letter head with my additional minor edits. Thank you sooo much for tag-teaming with me on this!
Have a great weekend!
Best,
Linda

Hi Linda,

(b) (5)

Please let me know if I can help further with this! Thanks for the opportunity to comment.

Thanks,
-Carrie
